A group of rowers is walking along a wooden dock extending into a large body of water. The scene is captured at sunset, with the sun low on the horizon to the right, creating a warm, golden glow. The water reflects the light, and the sky is filled with soft, wispy clouds. In the background, a dark, forested shoreline is visible. To the right, a white motorboat is docked. In the foreground, a blue and yellow flag is partially visible. The overall atmosphere is peaceful and serene.

Coach's Report

I've spent the past summer reflecting on the 2022 season and have begun to appreciate the achievements at the IRA as a direct result of the persistence and hard work displayed over the past two years through the COVID-19 pandemic. Without a doubt, this time has been the toughest of my coaching career, and it was capped with another challenge in the spring: COVID cases were again on the rise and simply getting the group through the last two months and to the start line of the IRA without any large setbacks took a monumental effort. I owe a huge THANK YOU to Sam, Brandon, and Jack for helping with that effort and for guiding the group towards that goal of racing at the IRA at full strength. Hopefully we will continue our return to 'normal' this

I am so proud of the character the team has displayed over the past 12 months and for all that we achieved together.

fall, and the student-athlete experience will be free of testing and pandemic protocols!

With that said, this past year has been an incredibly successful one for the team in all respects: we achieved the lofty race results, academic achievements, and fundraising targets we set as our objectives each year. I am so proud of the character the team has displayed over the past 12 months and for all that we achieved together.

Impressively, the Varsity 8+ was dominant and consistent all year. A 10-second victory at the Washington dual, followed by a six-second win at the Pac12 Championship, raised expectations going into the IRA. The crew stepped through the heat and semi without being pushed and set up a clash against Yale (and others) in the final. Our competitors knew they needed to throw everything they had at the first 500m to try to stay with us; still, our crew was able to stay composed in those opening strokes and consistently moved away. The middle 1000m was just incredible to watch as they moved out every stroke to break open water, controlling the race to win by 2 seconds and capping the first undefeated season since 2001! The calm and confidence the crew displayed throughout

Coach's Report continued

the season, and then the execution under pressure of their best race of the IRA final, makes me enormously proud.

The JV 8+ had an incredible year as well with a strong win at the Washington dual, an epic come-from-behind victory at the Pac12, and then a gutsy race to fend off the rest of the field and finish second at the IRA. Their goal was always to race to win, and I am proud of how they absolutely emptied themselves in that attempt. I am also impressed with how they conducted themselves through a tumultuous last few months of the season.

We had great results in our lower boats as well. The 3V 8+ won the Washington dual and the Freshman 8+ won a Pac12 Championship; the Varsity 4+ also claimed both of those races as a sign of great depth in the program. All year, it was emphasized that this campaign would be about the full team, and as a result we had some great performances and positive contributions to the team culture from our 5V/6V group. They have contributed greatly to the competitive environment and positive team energy that pushed all our boats on to these race results and, ultimately, the Varsity 8+ to a National Championship!

The strength displayed this year was also evident in the classroom. The crew finished the spring semester with a team GPA of 3.4 which puts us in an advantageous position to likely win the Newmark award for Top Large Men's Team at Cal for the fifth year in a row. The insistence that excellence on the water and in the classroom can be pursued, and more importantly, achieved, is the foundation of our team culture and I am thrilled to see the squad doing both at such a high level.

After the IRA, we took a short break before assembling a group to train towards Henley Royal Regatta. Our internal standard to earn the trip over to England is to win the Pac12 Championships or IRA, so the opportunity was extended to those in the Varsity, JV, and Freshman 8+s, all who had won the Pac12 Championship. Some shifting around in those lineups did occur due to other commitments or visa issues, but the core of the Varsity 8+ entered the Ladies' Plate, the Freshman 8+ entered the Temple Cup, and the JV 8+ broke into two coxed fours to race in the Prince Albert Challenge Cup.

The expectations of the athletes at all the events were the highest I've ever seen. Still, through a tough week of racing, we were able to get two crews (Ladies' Plate

and Prince Albert) into the finals on Sunday. Both crews raced incredibly well but ended up losing those finals. Regardless, giving 28 young athletes the opportunity to compete in and experience Henley was special, and I want to thank everyone that contributed to making the trip possible!

As we prepare for a new school year and new campaign to win Pac12 and IRA Championships, I want to extend another thank you to everyone who supports this program. I am extremely grateful to be guiding Cal Crew, and to be able to provide to this generation of young men the life-changing experience of studying and rowing at Cal. We would not have the elite program that we do without the support of all of you.

A very special thank you is due to Sam Baum, who has been with me for the past four years and will be transitioning a new position outside of collegiate rowing. Sam displays remarkable talent in recruiting ideal young prospects who are extraordinary oarsmen, students, and human beings. Recruiting the right personalities that will invest in the team and gel as a unit is not an easy task. The National Championship title, the depth of our squad, and the cohesion of the team from top to bottom is all due to how good Sam is at his job.

On a bittersweet note, Jay Peart has also decided to end his tenure as our boatman. Jay has been a great part of our team for the past six years and his commitment to Cal Crew - and his dry humor! - will be sorely missed. We wish Jay all the best and know he will stay connected to the team for years to come.

I am, however, excited to welcome Jason Elefant and Dave Adams as my new assistant coach and the team's new boatman respectively, and look forward to working with Brandon, Jason, Jack, and Dave this coming year.

The challenge now shifts to building a team culture and work ethic for a completely new year. We can make no assumptions that past victories will inevitably lead to future results, and the group of 65 student-athletes that convened on August 24th will need to make the most of this year. I, like you, am eager to watch them write their own chapter of history.

Go Bears!

A handwritten signature in black ink, appearing to read "Scott". The signature is fluid and cursive.

Scott

Summer Bears

Each year we have a number of current, future, and former student-athletes competing in international regattas around the world. This summer, Cal Crew has 14 athletes competing at various levels of the World Championships.

Varsity 8+

The Cal Varsity 8+ began its historic season by competing at the Las Vegas Invite. There, the Bears knocked off the top boats from Drexel University, Oregon State University, University of San Diego, and Santa Clara University. Then in April, the Bears competed in the inaugural Pac12 Challenge at Redwood Shores where they beat Boston University and the University of Wisconsin by 19 seconds each. The Varsity knocked off Northeastern University the next day. The Bears then dominated the University of Washington two weeks later in the annual UW dual, defeating the Huskies by an impressive 10 seconds. They went on to nearly replicate that achievement at the Pac12 Championships when they bested Washington by six seconds. At the IRA National Championship, the Bears had a comfortable win in their heat over Syracuse and Northeastern, and in the semifinal were able to outrun both Washington and Harvard. The Bears established an early lead in the Grand Final over Yale and continued to pull away in the second and third quarters of the race. The Cal Varsity 8+ bested Yale, Brown, Washington, Syracuse, and Harvard, claiming the National Championship.

IRA Lineup: Luca Vieira, Iwan Hadfield, Elliot Kemp, Tim Roth, Ollie Maclean, Gennaro Di Mauro, Angus Dawson, Frederik Breuer, Campbell Crouch

Junior Varsity 8+

The JV8+ began its season in Las Vegas, where the team dominated Drexel University, Oregon State University, University of San Diego, and Santa Clara University. The JV beat Boston University by 10 seconds at the Pac12 Challenge before defeating Wisconsin later in the day. At the UW dual, the Bears established a lead by the 1000m mark, and triumphed over the Huskies by roughly three seconds. At the Pac12 Championships, the JV8+ had one of the most impressive races of the season for any Cal boat when they reeled in the Washington JV after being down by a full length at the race's halfway point. The Bears caught the Huskies in the final ten strokes of the race, securing an impressive win by less than half of a second. By bringing that momentum into the IRA, The Bears were able to win their heat over Syracuse and their semifinal over Brown and Princeton. The Bears then battled Yale and Dartmouth for the entire final, passing Dartmouth in the last 500 meters but coming up just short to Yale, ultimately finishing with a silver medal.

IRA Lineup: James French, Tommy Barrell, Fred Roper, Olav Molenaar, Christoph Seifriedsberger, Balthasar Issa, Daton Wolfardt, Michael Chandler, Wilson Morton

Racing Highlights continued

Third Varsity 8+

The 3V8+ began its season in Las Vegas, where it bested Oregon State University and Santa Clara University. Then, at the Pac12 Challenge at Redwood Shores, the 3V8+ beat the University of Wisconsin by 11 seconds and Oregon State University by 27 seconds. The 3V8+ had a dominant performance at the Washington dual, by establishing an open water lead by the 1000m mark and beating Washington by eight seconds. The Bears could not match Washington's fast start at the Pac12 Championships, falling to the Huskies by less than a boat length. At the IRA, the 3V+ finished second in its heat behind Brown and third in its semifinal behind Yale and Washington. In the final, the Bears fell behind in the first 500m and worked to catch the other crews for the rest of the race. The Bears 3V8+ ended by finishing in fifth place.

IRA Lineup: Illiad Izadi, Tyler Kurth, Farley Dimond Brown, Spencer Dettlinger, Adam Stephenson, Jamie Arnold, Alex Langstone Bolt, Harry Cox, Joshua Anderson

Forth Varsity 8+/V4+

This year, the Bears fielded a fourth varsity 8+ to compete both in Newport at the California Challenge Cup and on the Oakland Estuary at the inaugural Ebright Invitational. In Newport, the Bears beat all other UC crews in the lead-up to their final against the Cal Freshman; unfortunately, the final was cancelled due to inclement weather. At the Ebright Invitational, the Bears dominated the top crews from University of San Diego, UCSD, and Santa Clara University. The V4+ got an early lead on Washington at the Washington dual and continued to open the margin all the way down the course, crossing the line 26 seconds ahead of the Huskies. At the Pac12 Championships, the battle between the Bears and Huskies lasted half the race before the Bears stepped out and won by 13 seconds. The Bears 4+ had a tough time trial and semifinal at the IRA National Championship, finding themselves in the B-Final. The Bears had their best race of the regatta in the B-Final, finishing first in the race and seventh overall.

IRA 4+ Lineup: Ryan Prendergast, Evan Lane, Bret Holt, Matthew Gallagher, Marcus Cameron

Racing Highlights continued

Photo by Row2K

Freshman 8+

The Freshman 8+ started their season in Newport at the California Challenge Cup. Here, they bested all other UC crews in the run-up to the cancelled final against the Cal 4V8+. At the Ebright Invitational, the Bears knocked off the second crews from the University of San Diego, UCSD, and Santa Clara University. The Freshmen had a slow start at the Washington dual falling behind Washington early on. Ultimately, the Bears lost by just over half a boat length. At the Pac12 Championships, the Bears flipped the result on the Huskies, rowing with composure in the first 1000m and taking a move to row through Washington in the second half of the race. The Bears won by roughly a boat length.

Pac12 Lineup: Savannah Adamo, Marcus Cameron, Wilson Morton, Jamie Arnold, Harry Manton, Guy Ferrera, Andrew Treger, Henry Furrer, Farley Dimond Brown

V8+ National Champions

For the first time since 2016, the Cal Men's Varsity 8+ are National Champions!

The Bears came into the IRA National Championship on the back of an undefeated regular season which was highlighted by a commanding ten-second victory at the Cal vs. Washington dual and a six-second win against the Huskies at the Pac12 Championship. In the IRA final, Cal and Yale distinguished themselves in the first 500m. Then, the Bears began to inch out in front of the Bulldogs and continued to extend their lead through the middle 1000m of the race. With 500m to go, our Bears had a

boat length lead, impressively finishing over two seconds in front of Yale.

This season marked the first time the Bears Varsity had an undefeated domestic season since 2001. Congratulations to Luca Vieira, Iwan Hadfield, Elliott Kemp, Tim Roth, Ollie Maclean, Gennaro Di Mauro, Angus Dawson, Frederik Breuer, and Campbell Crouch on winning the 18th National Championship for Men's Rowing and the 100th overall for the Cal Athletic Department!

Trip to Henley

To commemorate the entire team's successful season, four boats of student-athletes traveled to Henley-on-Thames, England to race at Henley Royal Regatta. The Bears entered the Pac12 Champion Freshman 8+ in the Temple Challenge Cup, two 4+s of JV and 3V athletes in the Prince Albert Cup, and the Varsity 8+ in the Ladies' Challenge Plate. The Bears Varsity 8+ and the "A" 4+ entry each made the Henley final, but unfortunately each boat came up just short of winning their race. Racing at Henley provided the team with valuable and fun international racing

experience and allowed them the opportunity to represent Cal on the global stage. Our trip to Henley Royal Regatta was made possible by donors like you and the generosity you showed over the course of the 2021-2022 season. Your donations covered equipment rentals, travel expenses, Henley blazers, and event entrance fees for our student-athletes. Thank you to all who contributed towards the Henley trip and supported the Bears both in Henley and from home!

A Word From Our President

After two years of uncertainty and unpredictability caused by COVID 19, our Cal Men's Rowing team was finally able to have a traditional racing season including a full slate of Friends of Cal Crew events! Well done to coaches Scott Frandsen, Sam Baum, and Brandon Shald for their continued efforts to help instill in our student-athletes the importance of staying safe and healthy. I also want to applaud all of our student-athletes for their impressive navigation of the challenges that came with being attentive and successful in class, traveling safely to and from practice each day, and enjoying college life all while being confronted with COVID 19 restrictions and policies.

To our generous donors, who keep the men's rowing program at Cal financially stable and continually thriving, The Friends send a resounding THANK

YOU! Your generosity has allowed our student-athletes to train with the best equipment, travel to regattas, have top-tier student-athletes as their teammates and friends, and experience Henley Royal Regatta as a group. The sturdy foundation laid by the new Friends of Cal Crew Scholarship, along with record-setting fundraising performances during Giving Tuesday and the Big Give, demonstrate how connected alumni and friends are to the Cal program. What's more, it further cements men's rowing as a positive force in the Cal Athletic Department.

Thank you also to the Rogers family, whose consistent support provides our athletes with the opportunity to be part of something so special as Cal oarsmen.

Finally, the Friends of Cal Crew extend an emphatic CONGRATULATIONS to the entire men's rowing program for their incredible season, which was capped off by the Varsity 8+ bringing the IRA National Championship trophy back to Berkeley! The top boat's success is a direct result of the hard work put in by each and every team member, so while only 9 athletes were able to sit in the Varsity, we want every student-athlete on the team to know that they contributed to the team's success. Cal's four wins at the Washington Dual, four wins at the Pac12 Championships, two-medal performance at the IRA, and two finals appearances at Henley Royal Regatta clearly illustrate that this program operates at the top echelon of men's collegiate rowing and is only getting stronger. We can't wait to see what the upcoming year has in store!

We look forward to seeing many of you at the Cal Crew National Championship Dinner and Auction on Saturday, October 15th! Thank you again to the coaches, athletes, parents, and donors for your continued support in helping us to keep CAL CREW FOREVER!

Go Bears,

A handwritten signature in blue ink, appearing to read 'S Dettlinger'.

Steve Dettlinger
President, Friends of Cal Crew

Fundraising Report

Photo by Zach Franzen

The 2021-2022 academic calendar, spring racing season, and fiscal year have marked an exciting return to our normal school, team, and fundraising operations. To the coaches, administrators, and student-athletes who endured uncertainty and frustration while ensuring our best performances on the water and in the classroom: Thank you, and well done!

The team's ability to train as a healthy squad, coupled with the hard work of coaches and athletes, has allowed the team to enjoy tremendous success all year, highlighted by the Varsity 8+'s undefeated season and National Championship performance. Kudos are due for this fantastic accomplishment! What's more, we were able to catch up with many alums as Cal Crew community members from as far as South Africa and Australia were permitted to congregate and support the Bears in person. It was great to see faces both familiar and new at the races.

Critically, the team's efforts on the water were enthusiastically matched by those of the Friends of Cal Crew donors. The vitality of our program relies heavily on the support of our alumni, family, and friends. Each year the Friends of Cal Crew is charged with filling a substantial budget gap and we depend upon the philanthropic leadership of our community to meet this challenge. With help from a generous one-to-one match from one of our donors, the Friends of Cal Crew aims to raise \$800,000-\$900,000 of the team's \$1.3 million operating budget. This target can be reached if our community strives for 100% engagement. Thanks to the largesse of you, our donors, we raised \$678,000 from over 900 gifts before receiving our match! These extraordinary contributions have provided enough funding to cover our program for another year.

This year's fundraising campaign was marked by exceptional outpourings of generosity during both Giving Tuesday and the day of 24-hours-straight Cal fundraising, the Big Give. On Giving Tuesday, over \$73,000 was raised from 160 gifts. Similar success was seen during Big Give when we raised over \$60,000 from 178 total gifts. The impressive amount of Big Give funds allowed Cal Men's Crew to boast the most gifts

The team's efforts on the water were enthusiastically matched by those of the Friends of Cal Crew donors.

Fundraising Report continued

received of all teams in the athletic department; in fact, we nearly doubled the number amassed by the second-place team. What's more, our superior donor turnout resulted in the Cal Athletic Department gifting Cal Men's Crew an allotment of prize money that further boosted our fundraising numbers. We look forward to having equally successful days this coming fiscal year, and extend an emphatic "Thank You!" to everyone who participated in Giving Tuesday and Big Give.

This year's fundraising efforts have also enabled us to set the foundation for a new scholarship! The creation of the Friends of Cal Crew Scholarship ensures that coaches Scott Frandsen, Brandon Shald, and Jason Elefant have the financial ability to keep recruiting the best student-athletes in the world and puts us on par with our rivals for scholarship allowance. Thank you to all who have donated towards this

The Friends returned to hosting in-person events, and so were able to reacquaint ourselves with families and alumni.

new effort! Ultimately, our goal is to endow this scholarship, though we have not yet raised all the funds required to do so. If you are interested in increasing Cal Crew's scholarship allowance, please contribute to this enduring cause.

In fall 2021, the Friends returned to hosting in-person events, and so were able to reacquaint ourselves with families and alumni we may have only connected with via email for the past two years. What's more, during student move-in week, we had the pleasure of meeting the parents of new student-athletes and sharing our mission and fundraising goals for the upcoming year. This new-parent meetup is a great way to get to know members in the community and is a valuable chance for parents to interact with coaches in a relaxed setting. We all enjoyed ourselves and are looking forward to seeing more new faces over the course of the upcoming year! Additionally, at the beginning of October, we hosted student-athletes and their families at Canyon House for the annual parent dinner, followed the next day by the Cal Crew tailgate preceding the Cal vs. Washington State football game. Finally, nearly 100 alumni gathered at the boathouse for the Cal Crew dinner and auction. Guests represented a 60-year span of graduating classes, from the class of 1962 to the class of 2021. At the auction, thanks to your generosity, we were able to raise nearly \$40,000 for the Henley Royal Regatta trip, and another \$40,000 for other Friends of Cal Crew operations! It goes without saying that the auction was an enormous success and an exciting way for alumni of all ages to celebrate Cal Crew together. We hope to see many of you at this year's dinner and auction in October!

2022 Annual Fund Donations

Stellar results on the water and in the classroom, along with exciting records in the fundraising office, made this a thrilling year for Cal Crew. The more than 900 gifts totaling \$678,000 continued to set the bar high during Giving Tuesday and Big Give, and crucially, we established a new scholarship fund to put us level with the scholarships of our rivals. Thanks to your generous support, the phrase “Cal Crew Forever” continues to embody our Bear family. We look forward to seeing you all in person at this year’s upcoming events. Stay safe, thank you again, and GO BEARS!!!
